

7th European Conference on Structural Control

July 12th to 15th, 2020 – Warsaw, Poland

INSTITUTE OF FUNDAMENTAL TECHNOLOGICAL RESEARCH
POLISH ACADEMY OF SCIENCES
Pawińskiego 5B, 02-106 Warsaw, Poland

since
1993 **ECS**
European Association
for the Control
of Structures

Invited speakers

Nathan van de Wouw
Eindhoven University of Technology, The Netherlands
University of Minnesota, USA

Przemysław Perlikowski
Lodz University of Technology, Poland

Jason Zheng Jiang
University of Bristol, UK

Important dates

Session proposals	October 31, 2019
Abstract submission	January 31, 2020
Acceptance of abstracts	February 15, 2020
Full paper submission	April 30, 2020
Early / Authors payment	April 30, 2020
Full fee payment	June 30, 2020

- Active and passive structural control
- Semi-active and hybrid structural control
- Structural dynamics
- Earthquake engineering
- Sensor and actuator technology
- Smart materials
- Structural health monitoring
- Applications to civil engineering systems
- Applications to aerospace systems
- Applications to robotic systems
- Applications to marine structures
- Biological and bio-inspired systems

Conference chairs

Jan Holnicki-Szulc
IPPT PAN, Polish Academy of Sciences, Poland

David Wagg
University of Sheffield, UK

Łukasz Jankowski
IPPT PAN, Polish Academy of Sciences, Poland
